Hello Everyone,

Once again, I hope that everyone's week is off to a great start.

Here is my recommendation for where you should be during Week 4:

Saturday & Sunday: Start coding your [Portfolio Project](#)! If you are working with a team, make sure to set a time to meet this week.

Monday – Finish [Exercise: Bootstrap and jQuery Part 2](#)

Tuesday – Finish [Exercise: Scss](#)

Wednesday - Finish [Exercise: NPM Scripts Part 2](#)

Thursday – JavaScript Review 2 - [While](#) and [For Loops](#)

Friday – JavaScript Review 2 - [Arrays 1](#) and [Arrays 2](#). Complete both Code Challenges and the [Quiz](#) for this week by this point. Read the [Assignment instructions](#) and get ready for the in-person workshop. Make sure you've met with your [Portfolio Project](#) team. Please reach out to me if you need any help.

I look forward to seeing everyone's progress!
