Hello Everyone,

Once again, I hope that everyone's week is off to a great start. Here is my recommendation for where you should be each day this week:

**Saturday & Sunday** – Finish [Exercise: Tabs](#)

Monday - Finish [Exercise - Accordion](#) & finish reading through the [instructions for your Portfolio Project](#). Continue to work on your Portfolio Project throughout the week, and if you are working in a team, make sure to set a time for your team to meet this week.

**Tuesday** – Finish [Exercise - Modals](#)

**Wednesday** – Finish [Exercise: Carousel](#) and begin working on the two Bootstrap Code Challenges.

**Thursday** – Finish all chapters in the [JavaScript Fundamentals](#) book.

**Friday** - Finish through [Making Decisions - Switch](#) and work on the [JavaScript Code Challenge](#). Read the [Assignment instructions](#) and get ready for the in-person workshop. Make sure that you have met with your [Portfolio Project](#) team. Complete all Code Challenges and the [Quiz](#) for this week by this point.

Please reach out to me if you need any help.

I look forward to seeing everyone's progress!
